Activity	
Sustainability Panel	Sat on a Sustainability panel at the University celebration for their STARS Gold award they received. Spoke on how we can integrate Sustainability into all Curriculums and programmes, promoting sustainability for the future. Also discussing the Sustainability initiatives, us as an officer team are working on this year.
Delivered School and Faculty Rep training to PGT and PGR reps.	As a product of the democratic review from last year the structure of our PG reps has changed. This meant that PGT and PGR reps needed to receive differential guidance and training this to support them, especially PGR reps, to set up structures that will work for hearing the student voice in their cohort.
Adjustable and Accessible study spaces progression	Have continued to gather general student voice on the study spaces on campus, as well as the voice of students with accessible needs. This information has been filtered to find trends and will go forward to meetings with the estates and library team.
Project Pink	SO Welfare and Committees, SO Activities and Engagement and I helped facilitate Project Pink, a campaign for ending Violence against women and girls and attended the walk to City Hall to represent the Students Union support.
Began delivering Green Dot Training to SU staff	SO Accessible Education and I delivered Green Dot active bystander training to SU staff to remind them of the skills that are needed to be an active bystander and how to overcome the bystander effect safely.
Began work on a Reusable Period product initiative on campus	I have been meeting with estates on setting up a university wide reusable period product initiative as well as a destigmatising and educational campaign around these. Including Cost, Health and Environmental benefits.
